This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 824466

14:00 – 15:00 Challenges in our city, *school presentations*

Presentations of the work of PULCHRA schools: teachers and students sharing their results and experiences.

15:00 – 15:20 Break

15:20 – 16:15 Our PULCHRA experience, *discussion in parallel sessions*

Session 1: Opportunities and barriers to the Open Schooling Concept in practice
How stakeholder engagement and communication help in project implementation.

Session 2: Engaging students in school projects. Teachers' experiences from different City Challenges.
How to involve students in school projects? What impact does PULCHRA have on this? What is the importance of open schooling projects for student learning?

Session 3: PULCHRA projects in the time of distance education. Use of PULCHRA materials and various tools and methods for online learning.
How to use PULCHRA materials when working online and individually? What materials and tools help in the projects? How to integrate the project materials into the lesson plan?

16:15 – 16:25 Conclusions

16:25 – 16:45 PULCHRA Snacks

Open discussion between participants, conclusions and next steps
